

Pavo EnergyControl

Top sports feed for sustained performance

Pavo EnergyControl is an absolute top quality product! Of all Pavo products, Pavo EnergyControl has the highest energy value. Specially designed for horses that have to pass difficult tests with flying colours. Pavo EnergyControl takes care of overtaxed muscles and makes them supple. Your horse glows with health, good looks and stays controllable but with plenty of energy.

Important characteristics

- high energy value with essential oils for sustained performance
- with slow-release energy for improved stamina
- extra vitamin E for supple muscles
- low protein content for minimal stress on the kidneys
- with powerful anti-oxidants for the care of muscles
- inhibits the formation of lactic acid in the muscles during sport and training

Application

Ideal for horses that:

- do heavy work and need a lot of stamina, e.g. in dressage, eventing and high-level endurance sport
- are allowed to be heavier
