

Pavo Podo Grow

Top growing feed for yearlings and two year olds

Pavo Podo® Grow is the top feed for the optimum development of young horses, from weaning to three year old colts and fillies.

Step 3 in supporting a foal towards a healthy, adult life.

Important characteristics

- Contains Podo® minerals
- Magnesium, calcium and phosphorus in the correct ratios for the growing horse
- With essential amino-acids
- Supports healthy joint development
- For an even growth pattern
- Supports optimal bone hardening

Application

For growing horses from 8 to 30 months - the third and last step in our breeding range.
