

Pavo VitalComplete

Daily vitamin and mineral supplement

Pavo VitalCompleat is the ideal supplement for any diet that doesn't contain enough vitamins and minerals.

If your horse is turned out 24/7, it probably does not need any extra hard feed but grass doesn't contain enough vitamins and minerals. That's where Pavo VitalComplete offers the perfect solution.

Is your horse stabled on a yard that feeds basic pellets or do you feed it a lot of cereals? In these cases, Pavo VitalComplete is a balanced mix of vitamins, minerals and trace elements that gives your horse all it needs in addition to its roughage.

Watch a [film](#) about Pavo supplements.

Important characteristics

- Vitamins, minerals and trace elements
- As a supplement to low amounts of hard feed
